Erik,

I have uploaded all of the information for Crandall Canyon from the pipeline into the database. A report is attached.

As a reminder, according to your MRP, you are still missing the flow for Little Bear Spring, and a sample for SP2-24.

I know we discussed earlier that you had input a sample for SP2-24 and later didn't see it in the pipeline. I sent the attached message last week, if the lab number matches with the "phantom" sample all I have to do is change the mine and site number to get it in the right place.

Please let me know if you have any questions.

Thank you,

Pam,

As an authorized agent for the Crandall Canyon Mine, this email is to notify the Division that the 2nd quarter 2007 water

monitoring information for the Crandall Canyon Mine is in the pipeline and is ready for

uploading. This includes UPDES information and water monitoring data

for GENWAL Resources, Inc., C015/032.

Thank you

Subject: "Phantom" Sample

Erik,

Sample number 59-30196 is in the database under Skyline, with no site number. It says you took the sample. Could you please let me know what site it should go with? I can then put the site number in and it will work.

Thanks,
Dana
